

NICHIBAN PREMIUM GAFFER TAPE 116 SERIES

We support the work of professionals with our highly functional 116 Series
- Your reliable partner in every situation!

High versatility: A single tape can be used for a wide range of applications - from fixing cables to protective covering of floors – it sticks to your needs.

Improve work efficiency: Smooth tearing by hand, high fixing strength, and a clean removal to keep the quality of your professional work high and to save time.

Achieves both **good adhesion** and **clean removal**

Features

- ▶ Its rubber-based adhesive can be applied on various surfaces
- ▶ Exceptional clean removability
- ▶ Easy to tear by hand – even horizontally!
- ▶ High-density, durable cloth
- ▶ Can be used indoors and outdoors
- ▶ Eco friendly tape - Free of solvent adhesive

Applications

- ▶ Stage jobs in theater, opera, movies, TV, etc.
- ▶ Fixing, bundling, and securing wires and cables
- ▶ Floor marking and fixing
- ▶ Protection and masking at construction sites

The 116 Series was developed to free users from having to reapply tape and deal with adhesive residue, to improve work efficiency, and to bring professional results to a higher level. Our 116 Series are top-quality tapes made with the utmost care - from raw materials to adhesive. Once you use it, you will want to recommend it to others, because it is so comfortable to use. This product is packed with NICHIBAN's advanced adhesive technology, which draws upon our 100-year history and experience. This ensures that our tapes effectively stick to your needs.
